- Information Accessibility
- Corporate Repute and Disrepute:

Corporate Affairs

Transparent to

Anyone, Anywhere

Consumer Perspectives

Where does it all start?

- Voice of Consumers in Corporate Decision Making

What is Customer Loyalty ?

- **Retention of customers**

is an issue

when the company is not competitive !

Social Media Analytics

Untapped Potential:

- SAS Institute revealed that out of 2,100 companies surveyed only 23% used social media analytics tools!
- What did they miss out?

Wins with Social Media Metrics

- Forward Looking Companies vs. Floaters
- Social media metrics strategy

Facebook & Smart Phone Staff

Will they help your business?

Forrester Research says:

“yes, but..”

- Can you handle it?

Using Social Media with Staff

- IT Optimistic Employees advocate for their companies through smart phones and social networks
- Forrester Research shows that in North America, 50% of happy employees, who use social media, are promoters

When to Use Corp Social Media?

- Use content and collaboration tools to:
 - Support HR hiring
 - Gain more corporate visibility
 - Connect with clients

Cont'

- **Give Employees Incentives to advocate for the company**

Wins with Facebook for Canam

Quebec based manufacturer uses Facebook to:

- Revamp its corporate intranet
- Create a more collaborative corp culture

RIM, SaskTel Value Analytics

- Use analytics from SaS and in-house data
- Do not do a trade-off between innovation and quality
- Integrate analytics with their business design process and create options to innovate
- **Analyze unstructured data to measure customer loyalty!!!**

The Perils of Social Media

- **Hackers can turn Facebook, geolocation and other social tools against users!**

The Perils – Cont'

- Hackers may create messages for large user groups (TinyURL)
- Businesses and networkers may use Use Global Threat Intelligence (GTI) Network to check social media links
- McAfee Looking to Help Social Networkers to create safer social network environments
